4. Making The Firing Line Safe

Before entering the Firing Range, guns are to be made safe by locking the slide or bolt back to the rear, removing the magazine from the magazine well, manually inspecting the chamber, cylinder or bolt to ensure it is empty.

Once the member is satisfied that the gun is empty of ammunition, Gun will be placed on the bench with the muzzle facing downrange.

All shooters will remain behind the firing line, not handling any weapons until the Range Officer gives the "ok" to proceed.

If there is anyone downrange or the safety light is activated, members will bench and will not handle any weapons until the Range Officer ensures no one is downrange, the signal light is deactivated. Range Officer should then give the signal that it is safe to do so.

5. Loading/Unloading Firearms

All guns shall be loaded/unloaded ONLY on the Firing Line. There should never be a loaded gun anywhere other than the Firing Line. THERE ARE NO EXCEPTIONS TO THIS RULE.

Handguns shall be holstered and secured. Unused handguns shall be placed in a case. No equipment shall be left in open view.

6. Long Guns

The only long guns that can be fired inside the Range are .22 short or long rimfire rifles.

No other long guns are permitted inside the Firing Range.

Long guns shall be secured in a case and are not to be brought to the Range loaded.

7. Ammunition

Only standard pistol caliber (lead or jacketed) are allowed.

No Armor Piercing or Tracer rounds allowed.

No sharing of self-loading ammunition.

No handguns in rifle caliber allowed.

No pistol caliber rifles allowed.
